- 41                    **in Indiana.**
- 42                    **(B) Assess capacity and access to adult day care, respite**

care, assisted living, and long term care services.

(C) Identify methods to expand Indiana's health care system capacity to meet the growing number and needs of individuals with Alzheimer's disease and dementia.

(5) Identify strategies to enhance the quality of care for individuals with dementia, including the following:

(A) Assess quality care measures for long term care facilities, assisted living facilities, and residential programs available to care for individuals with dementia.

(B) Uncover any existing gaps in dementia services and determine a plan to cover the gap in service.

(C) Identify methods to improve dementia services provided in home and community based settings.

(6) Recommend strategies to decrease health disparities concerning dementia in ethnic and racial populations in Indiana.

(7) Identify and increase state based support for Alzheimer's disease research through Indiana universities and other resources.

(8) Identify needed state policies or actions to act upon findings under this section and implement the recommendations of the plan, setting forth a time frame for implementation.

Sec. 3. (a) Beginning December 1, 2021, the division shall submit annually:

(1) a summary of the dementia strategic plan; and

(2) a report concerning outcomes from implementation of the dementia strategic plan;

to the general assembly.

(b) The dementia strategic plan and report required under subsection (a) must be submitted in an electronic format under IC 5-14-6.

## COMMITTEE REPORT

Mr. Speaker: Your Committee on Public Health, to which was referred House Bill 1177, has had the same under consideration and begs leave to report the same back to the House with the recommendation that said bill be amended as follows:
